## NOTES OF THE TURF.

Jim Williams is a candidate for starting work in the west and may be given a trial at Oakley.

Libertine, 105 pounds and Yemen, 95 pounds, have been matched for \$500 a side at 5½ furlongs. The race is to be run at Ingleside some eight days hence.

Old Walcott, at one time a notability in sprinting ways, died at the Barksdale track a few days ago.

Brewer Schorr of Memphis, will be one of the Western turf's giants in 1897, if his early plans do not go awry. He is credited with having engaged Jockeys Murphy and Wilhite, paying F. H. Hickok \$1,500 for the latter's release.

though knowing their facts—did not act, should have been presented. The law of the land is against Grannan. But equity is with him. A similar frame was about Ed Corrigan's case, over the Futurity of 1891 and Huron's eligibility. Corrigan lost a clean case. The courts regard the turf superficially and lean toward its authority. All this is the turf's fault. It does not go to the courts in the right way.

# The American Sporting Manual

A YEARBOOK AND COMPENDIUM OF RECORDS

The Manual will be: A Book for the Pocket.

A Book of Authority.

A Comely Book. A Cheap Book.

It will contain all general sporting records in use. All American Turf Records. All American Track Records. A twenty-page history of all the prize fights and boxing matches of 1896, from January 1 to December 31, 1896. Two handicap tables; one reproduced from the American Racing Manual, and a new one of even sharper application to racing, never before published.

The Manual will contain the 1896 figures of Baseball, Aquatics, Football, and Athletics in general—racing, trotting, pacing and all departments of sporting. Within The Manual's covers will be 100 pages of pure sporting figures.

The American Manual's handicap tables alone are such as have been usually sold at \$50 and \$100 each. With them are published explanatory keys and three races which have been run and to which the figures have been applied. These keys show horses, estimate of ability on past races, figures on the race to be run and their position in race to which figures were fitted.

Table No. 2 is entirely new. The track records and time estimate in the book are the result of nine months daily work of five experienced men.
